Research lab | YOUR TRUSTED MENTOR

Discovery Studio Expert

Hire Discovery Studio Expert to code and analyse your quantitative data

Discovery Studio Expert

PhDAssistance provides discovery studio analyses expert where you can hire expert trained in analysing protein and modeling molecular structures, sequences, and other data of relevance to life science researchers. Our expert discovery studio services to our life science researchers that includes

- Editing molecular structure
- Macromolecule design and analysis
- Simulation (minimisation, MD, QM, /MM)
- Antibody modeling
- Structure-based design
- QSAR, ADMET and Predictive toxicology
- Visualization
- Sequences
- X-ray reflections
- Test hypothesis in silico prior to costly experimental implementation
- Drive scientific exploration from target identification to lead optimization

ABOUT US

PhD Assistance is world's reputed academic guidance provider for the past 25 years have guided more than 15,900 PhD scholars across the globe. We support research scholars, entrepreneurs, and professionals from various organizations in providing consistently high-quality writing, editing and data analysis services every time. We value every client and make sure their requirements are identified and understood by our specialized subject matter experts and analysts, enriched in experience to deliver technically sound output within the requested timeframe. Experts at PhD Assistance are best referred to as 'Researchers' since every topic they handle unique and challenging.

List of Universities we serve

University of Oxford

University of Cambridge

Imperial College London

Swiss Federal Institute of Technology Zürich

University College London
